The Atchison millers say grain is beginning to come in at a lively rate, and they expect all they can handle from this time forward. Most of the grain received now comes by rail, as little coming in by wagons, bad as the roads are. The splendid wheat pros-pect is no doubt responsible for the movement of grain at this time. The prospect for a heavy crop next year is so good that farmers are willing to sell what grain they have on hand on the strength of it.

Hill Brothers, of Waterville, Kan., in writing to the Breeder's Gazette, says: and it is proposed to organize at that time the Smoky Hill Valley Poultry association. Of many a night, made doubly long by its protracted ageny, the rheumatic sufferer tosses to and fro on his sleepless couch, vainly praying for the rest which only comes by fits and starts. His malady is one which ordinary medicines fail to relieve, but there is ample evidence to prove that the efficient blood depurent, Hestetter's Stomach Bitters, affords the rheumatic a reliable means of relief, Check the malady in its incipient stages when the first premonitory twinges come on, with this agreeable medicine, and avoid years of terture. Whatever be the rationale of the active influence of the Bitters upon this malady, certain it is that no evidence relating to its effect is more direct and positive than that which relates to its action in cases of rheumatism. Like all sterling remedies, however, it deserves a protracted, systematic trial, and should not be abandoned because not at once remedial. It is equally effections in dyspersia, indigestion and kindred discusses.
